London & Essex

Deep Cleaning Checklist

By Silvia Nedeva, SN Cleaning Services

A spring or autumn reset for the whole home. A deep clean is a room by room reset of a lived in home. Work through the kitchen, the bathroom, the living areas and bedrooms, then the whole home. Tick Done as you go. Inside the fridge and cupboards is cleaned on request, where they are empty or space is made. Carpets and upholstery are vacuumed thoroughly. Professional steam cleaning for carpets, mattresses or upholstery is an optional booking add on. The clean is done by our own trained, insured, DBS checked team. If the home is empty, the reclean is a free return. For a lived in home it is a 24 hour reclean: report it within 24 hours. This list is for London and Essex.

Oven cleaning is an optional add on only, not a standalone oven cleaning service, and it is not one of the 15 standard tasks. Any extra cost is shown on your quote.

Kitchen	Done
Hob and extractor degreased	☐
Inside the fridge and cupboards (on request)	☐
Grout and tiles scrubbed	☐
Behind and underneath appliances where accessible	☐
